Introductory

The present volume constitutes the 1927 edition of Henderson's Directory of Moose Jaw. The work embodies a complete epitome of the civic, commercial, social and industrial interests and activities of the municipality. It is a modern Directory in all its parts and includes all the essential features which have been proven so satisfactory to our patrons in previous issues; these have been retained and amplified, and improvements have been added as suggested by experience in order to add to the value and usefulness of the Directory, thus fully meeting the requirements of patrons; the approbation and continued patronage accorded the work are constant incentives to better service.

The publication has had the benefit and advantage of the complete organization and resources of the publishers, and of the skill and experience of their corps of enumerators and compilers added to the courteous co-operation of citizens, in the production of the volume.

THE DEPARTMENT OF MISCELLANEOUS INFORMATION is included in pages 13 to 60, and contains data concerning City, Provincial and Federal Government offices, commercial organizations, cemeteries, churches (denominational and miscellaneous), colleges and schools, hospitals, homes and asylums, building exchange and associations, institutes and societies, libraries, military organizations, public schools, secret societies, etc.

THE STREET AND AVENUE GUIDE is embraced in pages 61 to 105; in this feature the names of all streets and avenues are arranged alphabetically, giving the location, number on the street and showing the occupant.

The intersecting streets are shown in the order that they come.

THE ADVERTISING occupies pages 1 to 12; this section of the Directory, printed on colored paper, includes numerous advertisements of the leading manufacturing, business and professional interests. A casual perusal of these advertisements will picture many interesting phases of the city's activities. They are not display advertisements, primarily, however, but rather are reference advertising at its best. The need for this kind of information readily at hand is very great, and the general appreciation of this need is evidenced by the liberal patronage the city Directory enjoys in many and varied lines of trade.

THE ALPHABETICAL LIST OF NAMES of citizens, business firms and corporations covers pages 107 to 322.

THE CLASSIFIED BUSINESS DIRECTORY occupies pages 323 to 387, and exhibits the various manufacturing, mercantile and professional names, compiled under headings appropriate to the class of industry or profession followed.

ADVERTISING MOOSE JAW

An important function of the Directory is to set forth the characteristics and advantages of the city as a place of residence, as a business location, as an industrial site, and as an educational centre. The Directory acts as a mirror, reflecting all that is noteworthy in the city in the above respects. In order to spread this information regarding the city broadcast over the country, where they are readily available for reference use by the public. There they serve as perpetual advertisements of Moose Jaw, for business men the country over realize that the City Directory represents the community as it really is.

The publishers take this opportunity of thanking the citizens for valuable assistance rendered in the way of furnishing information concerning themselves, their friends and their business interests for this Directory, and also the public-spirited and progressive business and professional men for support given in the way of patronage.

The directory estimate of population is based on the actual number of names contained in the book, which is multiplied by a common multiple to allow for the married women and small children whose names do not appear.

Based upon the names contained in the pages of this book, it is estimated that the population of Moose Jaw is 23,475. This includes considerable territory beyond the city limits, which is canvassed in order that the names of all people doing business in Moose Jaw may be obtained for the Directory.

Respectfully, The Publishers,

HENDERSON DIRECTORIES, LIMITED.

City of Moose Jaw

Moose Jaw is situated 400 miles west of Winnipeg, 420 miles east of Calgary and 100 miles north of the International boundary. It is the Provincial Headquarters of the Canadian Pacific Railway; the Canadian Terminus of the Soo Line running direct to Minneapolis, St. Paul and Chicago, and a sub-divisional point on the Canadian National Railways. There are ten branch lines radiating from the City with three additional branches under construction at the present time.

The City stands in the centre of a rich agricultural territory, well settled with prosperous farmers and ranchers. Crops are famed for their uniform quality and high yields. Moose Jaw has one of the three Federal Government Interior Storage Elevators with a capacity of 3,500,000 bushels. It is the headquarters of the Saskatchewan Seed Growers' Association which distributes large quantities of registered and clean grain, grass and sweet clover seed throughout the West, and is building up an extensive export trade with Europe, South America and the Orient. The City has recently been created a Grain Inspection Division, a development that will have far-reaching effects not only in respect to the City itself, but also throughout the whole district tributary to Moose Jaw. In view of the enormous tonnage of grain passing through the City over both transcontinental railways, Moose Jaw, in a few years, is destined to share with Winnipeg the many practical benefits that accrue by reason of its being one of the great centres of the highly developed and well organized grain trade of North America.

Moose Jaw is also the Livestock centre of the Province of Saskatchewan. It is the headquarters of the Saskatchewan Live Stock Pool and the home of the Southern Saskatchewan Co-Operative Stockyards. The latter is the largest plant of its kind west of Winnipeg and is equipped to handle 5,000 head of stock daily. The City is also the point where is held annually the Saskatchewan Feeder Show and Auction; an event that is exercising a great influence in getting farmers to go in more extensively for the winter feeding of stockers and feeders.

Moose Jaw is the Industrial Capital of Saskatchewan. The Robin Hood Mills have a daily capacity of 4,000 barrels of flour, 1,800 barrels of cereals and a large tonnage of stock foods. The packing plant of the Swift Canadian Co., Ltd., has a daily capacity of 1,700 hogs, 1,000 sheep and 700 steers. The Harris Abattoir (Saskatchewan) Ltd. also operates a packing plant here. Other industries include three well equipped creameries, two sash and door factories a brewery, an iron foundry, aerated water bottling works, boot and shoe factory, dental laboratories, oil refinery, etc.

Moose Jaw with 60 wholesale houses, employing nearly 400 commercial travellers, is the logical distributing point for the whole of the central, western and south-western portions of the Province. In this vast territory it has been computed there are two smaller cities, 70 towns, 175 villages and 200 hamlets. The lines sold cover an unusually wide range and with the continued improvement on conditions generally, increased population, both urban and rural, and continued railway development, Moose Jaw will continue to grow in influence as a wholesale distributing centre.

To Moose Jaw belongs the unique honor of having organized the first public school in the old North-West Territories. School District No. 1, Moose Jaw, was organized in 1883. To-day, the City has 12 modern public schools, two collegiate institutes, three residential colleges two for boys and one for girls), two well equipped business colleges and a Provincial Normal School for the training of school teachers. The Public Library, built, equipped and maintained by the citizens themselves, contains 25,000 volumes and well furnished public reading rooms. The reference library is considered to be one of the most complete in Western Canada.

Moose Jaw possesses two radio broadcasting stations - an amateur station (10-AB), operated by the Moose Jaw Amateur Radio Association, and a commercial station (CJRM) operated by Messrs James Richardson & Sons, Ltd., the well known grain brokers. The latter is the most powerful station west of the Great Lakes.

Moose Jaw is well known to the auto tourist who speaks of it as "The Friendly City." The City possesses an excellent tourist camp, whilst the Board of Trade operates a well informed and excellently equipped Information Bureau and Strip Map Service for the guidance and benefit of tourists and local motorists as well. Moose Jaw is the Canadian Terminus of the Powder River Trail (Moose Jaw to Denver, Col.), the Soo Line Highway (Moose Jaw to Portal, N. D.) and is an important point on the Trans-Canada Highway (Halifax to Vancouver). /

Moose Jaw is building a \$350,000 Community Hotel and in addition has several other good hotels, two large modern hospitals, Y. M.C.A., Y.W.C.A., 200 acres of public parks, electric street railway, automatic telephones, ornamental street lighting. The City owns and operates its own light and power plant, waterworks system, incinerator, etc.

Moose Jaw offers special opportunities for flour mills creameries, and all industries drawing their essential raw materials from agricultural activities. There are openings for a variety of wholesale houses, particularly those handling farm machinery, radio supplies, harness and saddlery goods, optical supplies, etc. There is an excellent opening for a large modern theatre. Enquiries should be addressed to the Board of Trade, Moose Jaw.

MOOSE JAW COLLEGE

This is a Residential College for young men and boys of all ages. The institution is under the supervision of the United Church of Canada, but is non-sectarian. Students are admitted at any time during the term, and their fees are proportionate for the time spent. The curriculum covers grades 9 to 12 inclusive. Candidates are prepared for first and second class teachers' certificates and junior and senior matriculation. The new buildings are situated on the top of College Hill overlooking the city on a site of forty-five acres. It is intended to enlarge the present buildings and then erect the Ladies' College as soon as possible. The College grounds are bounded by 7th Avenue Southeast, Coteau Street, 9th Avenue Southeast and the Canadian Pacific Railway, and are on the east side of the Moose River adjoining River Park.

EMMANUEL COLLEGE

In Affiliation with the University of Saskatchewan

The College is governed by two bodies, a Statutory Council, composed of ex-officio and elected members. Its appointment is regulated by canon and the elected members retire by rotation. Also by a Board of Governors appointed by the Colonial and Continental Church Society of London, England. The Council grants standings in Theology, and the Board controls all matters affecting the welfare of the College, and the proceedings of the College are reported annually to the synod of the Diocese of Saskatchewan. The Educational Committee is made up of the Faculty, together with the Bishop, and three clerical and three lay members of the Board of Governors.

The College provides (1) an associate course in Theology, (2) a pass course leading to the Testamur, (3) a course leading to the Licentiate in Theology, and (4) a course leading to the Degree of Bachelor of Divinity.

Lending Department

This library has now 25,000 volumes available for lending, Sociology, Literature, Art, History, Biography, Travel and Useful Arts being especially well represented. It is the aim of the library to make its collection of technical books as complete as possible.

Reference Department

The Reference Library is designed to meet the needs of students and workers in every field who need special data of any kind. Telephone or mail enquiries receive prompt attention. Special lists of the best books and articles on any subject will be prepared at any time by the staff.

Children's Department

This department is a separate collection of 3,500 carefully selected volumes, and will be found in the south reading room. Parents are especially invited to visit this very attractive room.

Reading Rooms

There are two reading rooms. The library receives regularly over 100 periodicals, the back numbers of all important ones being filed for reference.

Lecture Hall

The lecture hall is a beautiful little auditorium on the upper floor, seating 112. This room is available free for any educational purpose. It has been in constant use since the building was opened.
